

Changes in the Nikkei Semiconductor Stock Index constituents

November 15, 2024 – Nikkei Inc. will change the constituents of the Nikkei Semiconductor Stock Index as a result of the annual review. Due to an exclusion since the start of publication in March, the current number of constituents is 29, but will return to 30 after this reshuffle.

Date	Addition	Deletion
Nov. 29	4021 Nissan Chemical Corp. 6525 KOKUSAI ELECTRIC Corp.	4369 Tri Chemical Laboratories Inc.

The Nikkei Semiconductor Stock Index is a market value weighted index which is comprised of major semiconductor related stocks listed on the Tokyo Stock Exchange. This is the first periodic review since the start of publication on March 25, 2024. Details are available from the following web page.
