

## Nikkei Dividend Index reaches its historical high at 801.12 in 2025

April 1, 2026 – Nikkei Inc. announced on April 1 that the final value of the Nikkei Stock Average Dividend Point Index (Nikkei 225 DP) in the year of 2025 stood at 801.12 up 109.12 points from that of the 2024 index. It recorded its historical high for 5 consecutive years on a final value basis.

The Nikkei 225 DP is based on the dividends that would be received by an investor holding the Nikkei 225 constituent companies for a calendar year. The final value of the 2025 index was determined after all of the dividends in 2025 were fixed at the end of March 2026.

Nikkei launched “Nikkei Stock Average Estimated Dividend Point Index” (Nikkei 225 EDP) in March 2019. While Nikkei 225 DP accumulates the dividends when the amount is fixed at the events such as shareholder’s meetings, the Nikkei 225 EDP accumulates in two steps. First, it adds estimated dividends on the ex-dividend day. Then, it adjusts these amounts when the actual dividend amounts are fixed, in case the estimated dividend differs from the fixed amount. As a result, the final value of the Nikkei 225 EDP in the year of 2025 also stood at 801.12, same as the Nikkei 225 DP.

The index is calculated on a calendar year basis. The dividends in the accounting month in March 2025 were first added into the 2026’s Nikkei 225 EDP on the ex-dividend date, March 30, while such dividends will be included into the 2025’s Nikkei 225 DP in June 2026 after the annual shareholder meetings are held.
