

Add new pages for Monthly Reports and JPX-Nikkei 400 components

Nikkei Inc. has added the following two pages on the Nikkei index official website “Nikkei Indexes”.

1: Nikkei Indexes Monthly Report

This is a web page for the Nikkei Indexes Monthly Reports which have been published at the beginning of every month. This page includes introductions of the reports released in the past 12 months and can categorize the reports based on “Year” and “Index” to read the reports focusing on specific topics. The “Report” menu can be reached by clicking “Monthly Report” in the “Archives” tag on the top page of the “Nikkei Indexes”, and by clicking “Nikkei Indexes Monthly Report” banner on the right side of the top page.

To view “Nikkei Indexes Monthly Report” page, please click [here](#).

2: Current components of JPX-Nikkei Index 400

This is a web page to show the current components of the JPX-Nikkei Index 400. The component information has been provided on the page for JPX-Nikkei 400, by clicking “Current Components” in “Related Information” on the right side of the JPX-Nikkei 400 page.
