

## Nikkei launches Asia Indexes website

Nikkei Inc. launched a website “Nikkei Asia Indexes” dedicated to the Nikkei’s Asian indexes in the Nikkei official index website on January 29th.

In December 2017, Nikkei Inc. started calculating and publishing the Nikkei Asia300 Investable Index, which is aimed at being used for financial products such as investment funds. Nikkei developed the website dedicated to the Asian indexes corresponding to the growing investors’ needs for the Nikkei Asian index related information.

The website provides the information on the real-time and historical index values of the Nikkei Asia300 Index and the Nikkei Aisa300 Investable Index as well as the index methodologies and component lists etc. The index related news including the component changes are updated at the timing of Nikkei’s announcements. The website is accessible from a banner of the Nikkei Asia index on the Nikkei Indexes top page, Nikkei 225 official site or from the following URL.

The screenshot displays the Nikkei Asia Indexes website interface. At the top, there is a navigation bar with links for 'Index List', 'News&Release', 'License', and 'Nikkei Indexes'. The main content area features the Nikkei Asia300 Index value of 1,540.84, updated on Jan/29/2018 at 15:51, with a change of +0.22 (+0.01%). Below this, there are two columns of news: 'Latest News' and 'Important Notice'. The 'Latest News' section lists recent updates on index values for Vietnam and general index values. The 'Important Notice' section highlights the launch of the Asia300 Investable Index on Dec 11, the launch of an Asia-focused index for investors, and the launch of the Nikkei Asia300 Index. A banner for 'NIKKEI ASIAN REVIEW' is also visible at the bottom of the page.
