

## Nikkei to monthly update Nikkei High Dividend Yield 50 component yields

Nikkei Inc. has published the component yields of the Nikkei 225 High Dividend Yield Stock 50 Index as of July 31 which reflects the annual component change of 2019. The component yields, which were in PDF and updated annually, will be provided in CSV files every month. The yields will be as of the end of its previous month.

The files are provided in the Nikkei High Dividend Yield 50 page of the Nikkei index website. The web page publishes the index level data (updated daily and monthly) and the index-based dividend yield as well as the component names and the methodology describing the component selection rule etc.
