

Premium Data Package adds Nikkei Semiconductor Stock Index

April 4, 2024 – Nikkei Inc. has expanded the data files available in “Premium Data Package” (PDP), a subscription-based web data service as of April 4, 2024. From the day, the data files of the Nikkei Semiconductor Stock Index are available on its “Nikkei 225 Version”. The historical data files of the Nikkei 225 Total Return Leveraged Index, the Nikkei 225 Total Return Inverse Index and the Nikkei 225 Total Return Double Inverse Index are also become available on the same date.

The subscribers of the PDP (Nikkei 225 Version) are able to download various Nikkei's index related data including Nikkei 225 as well as other Nikkei indexes from the designated website and receive emails on index related news such as changes in the constituents just after Nikkei's announcements. Current subscribers can use the new data files without any additional fee. The following table indicates the overviews of the respective data file of the Nikkei Semiconductor Stock Index and its contents.

#	File	Overview
1	Historical Data	Index closing values, the total returns and the net total returns are available from November 30, 2011
2	Index Data	Divisors for the past 2 years
3	Components Data	Weight Factor of the index components for the past 2years ※Initially, the data dated after March 27, 2024 are available
4	Advanced Notice	Forthcoming changes in the index components, Weight Factors etc.
