Regarding the Capping Ratio of Advantest in Nikkei 225

July 31, 2026 – From the market open of October 1, 2026, Nikkei Inc. will change the capping ratio of ADVANTEST CORPORATION (6857), a Nikkei Stock Average (Nikkei 225) constituent, from 0.9 to 0.8 as the weight of the constituent is exceeding the weight cap threshold (10%) as of the base date for this autumn periodic review, which is the end of July.

Application/Revision of the capping ratio (October 1)

Company	Current → New	Reason
6857 ADVANTEST CORPORATION	0.9 → 0.8	Exceeding cap threshold

For a constituent to which a capping ratio is applied, the price used in the index calculation of such a constituent is adjusted by “capped price adjustment factor”. Due to this revision of the capping ratio, the capped price adjustment factor of Advantest will be 6.4 from October 1 (Current value is 7.2).
